PITZ AGILITY TROPHY

DOG NAME: _____ **BREED:** _____ **OWNER:** _____

SHOW & DATE	NOVICE	NOVICE JUMPER	OPEN	OPEN JUMPER	EXC A	EXC A JUMPER	EXC B	EXC B JUMPER	TITLE EARNED	DOUBLE Q (Y/N)	MACH PTS	PLACE-MENT

This form is to be used for the Agility Trophy only, however if a title was earned please indicate such. Title plaques should be applied for separately. For purposes of the Agility Trophy, only perfect scores of 100 will qualify for points. For each clean run the dog earned enter a score of 100 under that class. A double q is a qualifying run in both standard and jumper the same day, regardless of the class level. (I.E., a dog that qualifies in both novice jumper and open standard will earn 2 pts.) Preferred classes will earn the same points as the Standard classes provided the dog has no Standard legs at an equal or higher level. A dog earning a MACH will be awarded the trophy over a dog with more points. If more than 1 dog earns a MACH, it will be awarded to the dog with the highest points that has a MACH. If there is a tie between a Standard and a Preferred dog, the trophy will be awarded to the Standard dog. In the event of a tie, class placements will be used. In the event of a tie based on class placement, the trophy will be shared. **Please do *NOT* total the points;** the awards committee will do this. The following point schedule will be used to determine the recipient of this award:

Each novice standard or jumper clean run = 1 pt
Each open standard or jumper clean run = 3 pts
Each excellent standard or jumper clean run = 6 pts
Each double q where lowest class is novice = 2 pts
Each double q where lowest class is open = 6 pts
Any MACH pts earned will be added to the pt total

Earning either the NA or NAJ is an additional = 3 pts
Earning either the OA or OAJ is an additional = 6 pts
Earning either the AX or AXJ is an additional = 9 pts
Earning either the MX or MXJ is an additional = 10 pts
Each double q where both classes are exc = 12 pts

Total points _____
