

Minutes

March 9, 1953

The Durham Kennel Club held its regular monthly meeting at Harvey's Cafeteria, March 9, 1953.

After dinner was served, our guest speakers, Mrs A. A. Foster and Dr. Karl Osis, from Duke University were introduced by the secretary, Mrs Hoenig. Then Mrs Foster gave a very interesting talk on the psychological behaviour of dogs especially as related to the homing instinct. After the talk Dr. Karl Osis answered questions asked by the club members.

Show problems and plans were then discussed since this was the last meeting before the show.

Respectfully submitted,

*Mrs H. E. Hoenig*

Secretary
