

GENERAL MEETING

MAY 21, 1983

President Marge White presided and, after minutes of the April 18 meeting were read and corrected to indicate that the outside lights were to be installed at a later date, she made the following announcements:

Reservations should be given to her for the June picnic and contributions were needed for the auction.

She thanked the Board and Committee Chairmen for their efforts during the year with special appreciation to those who get notice when the alarm indicates prowlers, etc. at the Clubhouse.

She further thanked the weekend crew of Jonathan Rosenberg for the paint work done in the kitchen.

No treasurer's report was available. ~~XX~~.

Cindy Luster told the club about obedience graduation on June 1 and thanked her dedicated crew of obedience instructors.

Wendy Harp reminded members of our early cut-off date for getting the premium list to Moss Bow for the fall show and mentioned that trophy donations were needed. Gail Goodwin offered to follow up on this and it was decided that trophy donations could be made at the Picnic as the final donation date.

Edna Hodges said that Picnic workers were still needed, specifically to get the beer keg and the large rental drum-type grill.

It was suggested that those donating to the Doggy Auction place a value or sales price on the item and John Anderson offered to pick up items from anyone who had a problem of delivery.

Proposed Associate Members were read by Membership Chairman Hank Holland.

Those voted upon to become regular members were Dan & Jill Flebotte, Brona F. Hicks, Hall & Fran Keyes and Brenda A. Morris.

Fall Show Chairman Carolyn Bowers announced that there would be a Fall Show Committee meeting on May 22 at 8PM and that a group trophy plus Jr. Showmanship trophy was still needed.

A discussion followed concerning the use of the funds donated in Mary Holland's memory. It was moved by Bill Nelson, and seconded by Joyce McHenry, that this fund be donated to the NC School of Veterinary Medicine. The secretary was asked to so advise the DVM School and to request their input of on-going research so that a specific item could be selected by the club members.

Joyce McHenry asked consideration for the purchase of a weed eater/wacker and, in stating her agreement, President Marge White stated that the high grass around the clubhouse needed to be cut. It was discussed whether to do it now or to wait until just prior to the planned August match show. It was estimated that the weed wacker would cost about \$120 and the expenditure of approximately this amount was moved and seconded and Joyce McHenry was asked to make the purchase.

The slate of '83-84 officers and Board Members was read and, based on a motion by Carolyn Vaughn, the members voted to accept the slate as proposed by the Nominating Committee:

President -	Connie Howard
Vice-President-	MF Davis
Secretary -	Joyce Thomas
Treasurer -	Bill Nelson
Board Members -	George Hand
	Wendy Harp
	Hank Holland
	Joyce McHenry
	Marge White

The meeting was turned over to new President Connie Howard who expressed the thanks of the club members for the fine job that Marge White did along with the previous Board and said that she hoped she could count on the same fine cooperation from the new Board. Applause assured her that this would be the case and the meeting was adjourned.

Respectfully submitted,

Joyce B. Thomas, Sec.
