Dear Nancy:

The DKC Board of Directors has been aware for some time that problems exist within our present obedience committee. It was hoped that these problems could be resolved without board intervention, but efforts toward that goal have not been successful.

After considering the several problem areas that have been brought to our attention the board feels that it is in the best interest of our club for the present obedience committee to be dissolved and an entirely new committee formed. This was a unanimous decision of the board members in attendance (3 members being absent). The disbanding of our present committee will be effective immediately. If you have records in your possession that pertain to this committee please see that they are turned over to Fran Hoffman at your earliest convenience.

This is not a decision that was made lightly and it is one that we regret finding it necessary to make. Decisions of this nature are difficult for everyone involved and all personal feelings must be set aside for what we believe to be the best interest of our club.

It is our sincere hope that this transition can be made as quickly and as efficiently as possible.

Sincerely,

The Board of Directors of the Durham Kennel Club
